TERRE HAUTE, IN

FPI Terre Haute: Keeping You on the Road to Mission Success

Federal Prison Industries of Terre Haute, Indiana, provides high-quality, mission-ready vehicles to a variety of federal law enforcement agencies, including INS, US Border Patrol, Bureau of Prisons and US Marshall Service. We currently employ 12 staff members and 60 correction inmates to handle all aspects of our customers fleet needs.

The FPI Terre Haute facility features two fully staffed Auto Cad design areas, one dedicated to decals and stripping, and the other to a fully operational metals fabrication shop, allowing us to quickly and efficiently meet the unique needs of each customer. At FPI Terre Haute, we are proud of our ability to implement all projects with maximum efficiency, from initial input to design and development, to the finished product.

The Right Tools for Every Job

Each production area is supplied with standard automotive tools and equipment, and the facility also features:

- Full service maintenance on buses
- Complete Engine overhaul
- Cylinder head remanufacturing
- 1000 hp dynamometer capability
- Complete overhaul of Allison transmissions including B500 Electronic World transmission
- Transmission Valve body testing and adjusting equipment
- Cummins, Caterpillar and Detroit Diesel electronics diagnosis
- All wheel laser alignment for buses and trucks
- Installation of communications equipment and programming of Motorola radios
- Air Conditioning service and repairs including 134a conversions

- Overhaul and testing of alternators and starters 12 and 24 volt
- Major accident repair facility for Bluebird, MCI, Thomas and Eagle buses.
- Handicap conversions which meet all ADA requirements
- Fabrication and installation of security grilles in buses, vans and sedans
- Paint spray booth capable of handling 45' buses and semi trucks
- Replacement of windshields in buses, cars and vans

FPI Terre Haute can also coordinate all pickup and delivery of buses, trucks and sedans.

CERTIFICATIONS

All of the staff members and many of the inmate workers employed by FPI Terre Haute are ASE certified and meet certifications requirements in 608/609 air conditioning. Our staff is also certified by Detroit Diesel, Motorola, Braun Lift Super Flo Dynamometer, Allison Transmission and PPG Paint.

LOCATION

FPI Terre Haute is located just minutes west of Terre Haute, Indiana, on state route 63.
